PIERCE COLLEGE GRADUATE TURNS HER EXPERIENCE INTO THRIVING CAREER

By Abbie Shull

In 2015, Shontieka Adeogun was a student at Clover Park Technical College studying nursing. She'd already finished earning her GED from CPTC but was starting to feel like nursing wasn't for her. That's when she was introduced to Pierce College's emergency management program.

"When I started in emergency management, I had no idea my career would end up where it is now," Adeogun said. "I thought I'd be a planner in the background, doing exercises here and there, but my career has taken off."

Adeogun is now the chief emergency management program officer for the City of Tacoma. She is responsible for the day-to-day management of disaster preparation and coordination, organizes dozens of departments and hundreds of people to best prepare the city and its partners for disruptive events. Her job is not only about disaster management, but also about preparing for day-to-day emergencies.

In 2018, Adeogun was the very first graduate of Pierce College's Bachelor of Applied Science in Emergency Management program.

"When I started going back to school, I had no idea that I would want to continue my education," Adeogun said. "I knew I couldn't keep working menial jobs, but I was in my late twenties and considering going back to school – I thought I would be too old."

Adeogun says now that she's started her career, she is constantly looking for opportunities to educate herself further –

such as certification programs, and, maybe one day, a master's degree.

At Pierce College, Adeogun said she got essential hands-on experience and training as a student that prepared her for a successful career as an emergency manager. Just a few months into her internship with Thurston County Emergency Management, Adeogun got to experience Cascadia Rising 2016 – a joint national-level exercise held in Olympia to evaluate FEMA's coordinated response plan to a massive Cascadia Subduction Zone earthquake and resulting tsunami.

During Cascadia Rising 2016, Adeogun – then in her first year of classes at Pierce College – got to be in the Thurston County Emergency Operation Center, surrounded by professionals from state, city and national groups.

"It opened up my eyes to my new reality that this would be what my life would be like if I did this career," Adeogun said. "It also opened my eyes to the impact events like this could have."

Adeogun said that the staff and faculty at Pierce College were essential to her success as a student. From the Pierce College grant writer who first introduced her to the emergency management program, to the professors who were willing and ready to support her even if she wasn't a part of their program.

"Pierce College gave me a start that I never thought I would have in my life," Adeogun said. "When I didn't believe in myself there

were people who believed in me. At Pierce, I never felt like I was behind."

One professor who had an impact on Adeogun was emergency management department chair Sarah Miller, who said Shontieka "epitomizes what this profession should be."

"Sarah took the time to have a conversation with me about why she graded my papers the way she did and what she was looking for from me," Adeogun said. "If I didn't have that, I wouldn't have grown as a student. She made me a better student."

On advice for future students, Adeogun said to take advantage of all the hands-on opportunities at Pierce College.

"I never would have seen what I could be if I hadn't started at Pierce College," Adeogun said. "You may not see it yet, but dreams do start here, and they've started here for a lot of students."

The Emergency Management program at Pierce accepts applications on a rolling basis and students can begin at any time. Whether you are interested in making this your first career or transitioning from an existing job, the program at Pierce is focused on giving you real skills and experience that will help you find a job. ■

PIERCE COLLEGE DIRECTOR OF ATHLETICS DUNCAN STEVENSON RECOGNIZED BY TACOMA ATHLETIC COMMISSION

By Abbie Shull

Pierce College Director of Athletics Duncan Stevenson will be awarded the 2024 Doug McArthur Lifetime Achievement Award from the Tacoma Athletic Commission. The Award "recognizes an individual who captures the true passion for athletics through participation, promotion and organization."

"It is truly humbling to receive this recognition, I am honored," Stevenson said. "My heartfelt

gratitude goes out to the Tacoma Athletic Commission for this esteemed acknowledgment, and to Pierce College for the chance to do this work and have this longevity in a career."

For 37 years, Stevenson has been a consummate team player and advocate for decades of talented student athletes and dedicated coaches. He has worked tirelessly to develop the college's athletic program,

which has garnered both team and individual recognition for many in the program's six sports. Under Stevenson's leadership, student athletes at Pierce College are more successful than ever with retention rates over 97 percent and cumulative grade point averages much higher than the general student body.

"Duncan Stevenson exemplifies

the mission and values of the Pierce College District," said Pierce College Chancellor Dr. Julie White. "In addition to his outstanding service in athletics, he is a committed contributor to the Pierce College District and the Pierce College Foundation, supporting many campus and community-wide events, all for the benefit of our students and families."

Stevenson played a significant role in planning and developing the construction of the Pierce College Fort Steilacoom Health Education Center and the field complex at Fort Steilacoom Park – the new home of Raiders baseball.

"Duncan is a longstanding, valued member of the Pierce College community," said Pierce College Puyallup President Chio Flores. "He is a stellar person and a go-to resource for emerging athletic directors. This award demonstrates Duncan's continued and decades long commitment to academic and athletic excellence." ■

PIERCE COLLEGE RAIDER BASEBALL CELEBRATES OPENING OF NEW HOME FIELD

By Abbie Shull

On Friday, April 12, the Pierce College Raider's baseball team played their first game on their first-ever home field – the Lakewood Baseball Field at Fort Steilacoom Park.

Pierce College and the City of Lakewood held a grand opening ribbon cutting ceremony for the field on April 27. The new

field features a full-field synthetic turf, new dugouts, batting cages, a press box, scoreboard, storage areas, safety elements and utilities, a new backstop, field lighting, and fencing, as well as expanded and accessible spectator seating.

"We are very excited about the opening of the new baseball

field at Fort Steilacoom Park," said Pierce College Director of Athletics Duncan Stevenson. "Working with the City of Lakewood on this partnership to finally provide Raiders Baseball a true home field has been a long journey. The facility will be a great resource for our student-athletes and the local community for many years to come."

Following the ribbon cutting ceremony at 12 p.m., the Raiders faced the Clark College Penguins in a double header.

For more information about Raider Baseball, visit www.pierceraiders.com. ■

FUNDS FOR COLLEGE

ARE YOU INTERESTED IN GOING TO SCHOOL?

The following resources are available to assist with tuition and additional supports while earning a certificate or degree.

Federal and state grants may be awarded to students with financial need. Unlike loans, these do not need to be repaid. Students must complete the Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (WASFA) each academic year to receive aid.

Student loans are borrowed money that must be repaid. Some loans are based on financial need, while others are not.

Work Study provides part-time employment to students. This program is available to students enrolled at least part time, and allows students to work both on and off campus. The funds do not need to be repaid.

Scholarships are available from both the college and outside sources. Some scholarships are open to all students in any program, while other scholarships are limited to students in specific programs.

The Washington College Grant provides guaranteed college funding through the state to all eligible residents of Washington state, including low- and middle-income students. The first step toward getting funding through the grant is to complete a federal or state financial aid application: Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (WASFA).

For those who qualify, the grant guarantees that you'll get the full Washington College Grant award that you qualify for, eliminating wait lists and letting you start college any quarter with your full grant award.

Veterans Benefits are available to assist both veterans and spouses/dependents of veterans.

Worker Retraining may assist with the costs of tuition, books, and transportation for individuals who have received unemployment benefits in the last 48 months, veterans who have separated from the military in the last 48 months, or active duty service members who will separate within the next 12 months.

Opportunity Grants may assist with the costs of tuition, fees, books, and support services to low-income students in an approved program.

WorkFirst may assist with tuition, books, and support services for students receiving TANF, referred by DSHS, and pursuing an eligible program.

BFET (Basic Food Employment & Training) may assist with tuition, books, and support services for students receiving SNAP and pursuing an eligible program.

CompTIA Security+ Training Boot Camp

Security+ holders have the knowledge and skills to help organizations proactively identify potential security risks and respond more quickly when incidents do occur. This boot camp includes five days of live training covering today's most critical information security issues and practices. You will leave fully prepared to pass the popular CompTIA Security+ SY0-601 exam and address real-world security challenges across the five areas outlined by the Security+ exam objectives: attacks, threats, and vulnerabilities, architecture and design, implementation, operations and incident response, and governance, risk, and compliance. You will also receive an exam voucher for the CompTIA Security+ certification exam with your enrollment.

45 hours **\$2,799** **Live Online, Instructor-Led**

Ethical Hacking Dual Certification Boot Camp (CEH and PenTest+)

5 Days, 90-day extended access to all course materials.

In this comprehensive boot camp you will gain the ability to quantitatively assess and measure threats to information assets — and discover where your organization is most vulnerable to hacking. You will learn ethical hacking methodologies and gain hands-on hacking experience in our cloud-hosted cyber range, including reconnaissance, gaining access to systems, exploiting vulnerabilities, and infiltrating data.

This boot camp also prepares you to earn two in-demand certifications: EC-Council Certified Ethical Hacker (CEH) and CompTIA PenTest+. From penetration testing to certified ethical hacker concepts, you will be ready to advance your career in cyber security upon course completion.

You will receive an exam voucher for the EC-Council CEH and the CompTIA PenTest+ certification exams with your enrollment.

45 hours **\$4,599** **Live Online, Instructor-Led**

Microsoft Azure Dual Certification Boot Camp

7 Days, 90-day extended access to all course materials.

This Boot Camp teaches you vital Microsoft Azure administration and security skills through hands-on labs, simulations, real-world application of skills, and expert instruction. The intensive training prepares you to pass the two exams necessary to become a Microsoft Certified: Azure Administrator Associate and Microsoft Certified: Azure Security Engineer Associate.

You will receive an exam voucher for the Microsoft: Azure Administrator (AZ-104) and the Microsoft: Azure Security Technologies (AZ-500) certification exams with your enrollment.

63 hours **\$4,399** **Live Online, Instructor-Led**

Cisco CCNA Associate & CyberOps Associate Training Boot Camp

7 Days, 90-day extended access to all course materials

This innovative seven-day boot camp is designed specifically for network engineers and administrators requiring full knowledge of Cisco router and switch configuration. You will gain hands-on experience by completing a series of labs in our Networking Cyber Range. The labs provide practical experience in a networking and switching environment and prepare you for the simulation-based questions you will find on the CCNA 200-301 exam.

In addition to gaining in-depth knowledge about network access, IP connectivity, IP services, and automation and programmability for Cisco networks, you will learn about the hottest area of networking: network security. Our expert instructors first prepare you to pass the CCNA exam. After passing that exam, you will then train directly on the Cisco Certified CyberOps Associate curricula — all in one sitting.

You will receive an exam voucher for the Cisco CCNA and the Cisco CyberOps certification exams with your enrollment.

PIERCE kids COLLEGE

Responsive Robotics (Ages 7-12)

In this challenge-focused program, campers will develop their computational thinking skills by playing with modular, robotic cubes known as Cubelets®! Imagine this — every way your student snaps the magnetic cubes together creates a unique robot, but what really matters is how they figure out the perfect robot recipe to solve a challenge. Campers work in small teams to figure out how to create energy-efficient lighthouses, racer bots, maze-solvers, goofy animals, and so much more! Is your learner ready to play and tinker all day with Snapology? **Please pack a water bottle and snack for each day of camp.**

IN PERSON **PUYALLUP** **Fee: \$269**
Monday - Friday **9 a.m. to noon**
Snapology **5 sessions: June 24-28**

Pokemania (Ages 5-12)

Campers will explore the world of Pokémon and practice their Pokémon training skills! Using LEGO® bricks, they will create their own training gyms, unique battles scenes, and even their very own generation of Pokémon. Campers will also explore some real-world science as they examine the habitats, characteristics, and needs of different Pokémon. They will do more than "catch 'em all", they will build and examine them all very closely and have a blast doing so! **Please pack a water bottle and snack for each day of camp.**

IN PERSON **PUYALLUP** **Fee: \$269**
Monday - Friday **1-4 p.m.**
Snapology **5 sessions: June 24-28**

FULL DAY Camp includes Responsive Robotics + Pokemania (Ages 7-12)

Full day campers should bring a water bottle, 2 snacks and a sack lunch each day of camp.

Monday - Friday **9 a.m. to 4 p.m.**
Snapology **5 sessions: June 24-28**

Snapology Summer Games (Ages 6-12)

In Snapology's Summer Games program, campers will design, create, and program creations to compete in sports-themed challenges! Your child will expand their engineering skills by designing and experimenting with contraptions that complete challenges related to our favorite summertime games. Campers will also be given the opportunity to harness their creativity as they work in groups to complete these exciting challenges. Through friendly competition with classmates, campers will discover what it means to be a good-sport while learning STEM concepts along the way! **Please pack a water bottle and snack for each day of camp.**

IN PERSON **PUYALLUP** **Fee: \$269**
Monday - Friday **9 a.m. to noon**
Snapology **5 sessions: July 17-19**

Video Game Design (Ages 9-14)

Create your own video game in this awesome Snapology camp. Campers will learn how to design their very own online game with Stencyl game creation software. You even get to take your game home on a flash drive so it can be shared and played at home with family & friends. Don't miss out! **Please pack a water bottle and snack for each day of camp.**

IN PERSON **PUYALLUP** **Fee: \$274**
Monday - Friday **1-4 p.m.**

Robotic Olympics (Ages 9-14)

Campers will build and program robots to compete in sports-themed challenges! Your child will expand their engineering skills by designing and experimenting with robotic attachments and refine their computer programming abilities by creating program codes that make their bots run races, play hockey, and so much more. Students will work in groups and using the LEGO® SPIKE™ Prime technology to complete these exciting challenges. By giving our campers challenges through games and friendly competition, they don't realize how quickly they are learning core programming skills for a future in STEM. **Please pack a water bottle and snack for each day of camp.**

IN PERSON **PUYALLUP** **Fee: \$269**
Monday - Friday **9 a.m. to noon**
Snapology **5 sessions: Aug. 5-9**

Animation Studio (Ages 7-14)

In Snapology's Animation Studio, Campers will work in teams to learn the fundamentals of stop motion animation to develop their own animated movie starring their favorite LEGO® mini figures or toys that can be brought from home! Campers will go through the entire movie making process with their filming partner, from plot development and set design to detailed visual and audio editing. The best part, their movie will move beyond the classroom and be uploaded to Snapology's YouTube channel so they can share their film with friends and family for years to come! **Please pack a water bottle and snack for each day of camp.**

Mining & Building Epic (Ages 7-12)

From the virtual 2D world of Minecraft to the physical realm of this reality, Campers will practice their creativity and construction skills using the themes they know and love. As much fun as world-building is in Minecraft with unlimited resources, the restrictions and challenges posed in Snapology's Minecraft Epic Camp will have them thinking of Minecraft and construction in new ways. We embrace the game's ability to educate students about core concepts and use it to creatively build on engineering concepts using LEGO bricks. **Please pack a water bottle and snack for each day of camp.**

IN PERSON **FORT STEILACOOM** **Fee: \$249**
Monday - Friday **9 a.m. to noon**
Snapology **5 sessions: July 8-12**

STEAM Lab (Ages 7-12)

In STEAM LAB Campers will explore their curiosities and cultivate a deep love for science by experiencing the different domains of scientific study. Through hands on activities campers will engage with concepts from the fields of astronomy, earth science, biology, chemistry, and physics using LEGO® bricks and other interactive learning tools. Shh.. don't tell them it's educational! **Please pack a water bottle and snack for each day of camp.**

IN PERSON **FORT STEILACOOM** **Fee: \$249**
Monday - Friday **1-4 p.m.**

IN PERSON **FORT STEILACOOM** **Fee: \$498**
Monday - Friday **9 a.m. to 4 p.m.**
Snapology **5 sessions: July 8-12**

Creature Creator Robotics (Ages 7-12)

Animal lovers will create their own animal-inspired robotic models. Campers will learn about gear ratio, sensors, simple machines, and programming as they build insects, dolphins, gorillas, and much more. Your child is sure to have a wild time as they build, learn, and play. **Please pack a water bottle and snack for each day of camp.**

IN PERSON **FORT STEILACOOM** **Fee: \$249**
Monday - Friday **9 a.m. to noon**
Snapology **5 sessions: July 22-26**

Pokemania (Ages 5-12)

Campers will explore the world of Pokémon and practice their Pokémon training skills! Using LEGO® bricks, they will create their own training gyms, unique battles scenes, and even their very own generation of Pokémon. Campers will also explore some real-world science as they examine the habitats, characteristics, and needs of different Pokémon. They will do more than "catch 'em all", they will build and examine them all very closely and have a blast doing so! **Please pack a water bottle and snack for each day of camp.**

IN PERSON **FORT STEILACOOM** **Fee: \$249**
Monday - Friday **1-4 p.m.**

Mega Machines Robotics (Ages 7-14)

In this machinery-focused robotics program, your engineer will explore the basics of robotics while building some pretty spectacular vehicles with their classmates! While working with a partner to complete various challenges, campers will be taught how to effectively utilize sensors, how different mechanical components work in their robots, and how programming is a challenging but rewarding skill that they can master with just a little practice. We will support them in the development of their coding and building skills and inspire them with creative challenges. **Please pack a water bottle and snack for each day of camp.**

IN PERSON **FORT STEILACOOM** **Fee: \$249**
Monday - Friday **9 a.m. to noon**
Snapology **5 sessions: Aug. 12-16**

Video Game Design (Ages 9-14)

Create your own video game in this awesome Snapology camp. Campers will learn how to design their very own online game with Stencyl game creation software. You even get to take your game home on a flash drive so that it can be shared and played at home with family & friends. Don't miss out! **Please pack a water bottle and snack for each day of camp.**

#1 Ranked STEAM Enrichment Program

The Snapology Method

RESEARCH BASED

Snapology's approach is based on proven research; that children's best learning experiences come from actively designing, creating, interacting and investing.

GOALS AND OBJECTIVES

Snapology offers a variety of activities designed to reinforce core competencies and curricula being taught at each grade level.

FLEXIBLE STRUCTURE

Snapology's flexible curriculum allows teachers to adapt to the needs of each unique group of students while allowing children to progress and explore at their own pace.

All students receive a string backpack and water bottle

Pierce College offers bachelor’s degrees, associate degrees, and professional certificates in numerous programs of study (www.pierce.ctc.edu/). Career training opportunities prepare students for work in the fields like business, computers and technology, health care, communications and education. The college also offers adult basic education classes, English as a second language (ESL) classes, and community and continuing education classes.

Pierce College welcomes all students. Advisors (www.pierce.ctc.edu/advising) help resolve issues, answer questions, and provide information about the next best steps based on each individual’s needs. The college ensures that the lack of English language skills is not a barrier to education, access to services, or activities.

Pierce College supports and values the dignity of each member of its community and visitors, and is committed to maintaining an environment free from discrimination and harassment. This commitment applies to all levels and areas of operations and programs and is intended to ensure that all students and employees are provided equitable opportunities to realize their goals and to function safely and effectively within the Pierce College environment.

Pierce College recognizes its responsibility under state laws and their implementing regulations to investigate, resolve, implement corrective measures, and monitor the educational environment and workplace to stop, remediate, and prevent discrimination on the basis of race, color, national origin, age, perceived or actual physical or mental disability, pregnancy, genetic information, sex, sexual orientation, gender identity, marital status, creed, religion, honorably discharged veteran or military status, or use of a trained guide dog or service animal. Pierce College prohibits discrimination against and harassment of members of these protected classes, as well as any additional class(es) protected by local, state, or federal law. Any individual found to be in violation of this policy will be subject to disciplinary action up to and including the possibility of exclusion from Pierce College facilities, dismissal from Pierce College as a student, and/or dismissal from employment, as applicable.

Members of the college community, guests, or visitors who believe they have been the subject of discrimination or harassment should report the incident or incidents to the District Title IX/EEO Coordinator identified below. If the complaint is against that Coordinator, or if for some other reason a report cannot be made to the Coordinator, the complainant should report the matter to one of the alternate designees listed below.

Pierce College ofrece licenciaturas, títulos asociados y certificados profesionales en numerosos programas de estudios (www.pierce.ctc.edu). Las oportunidades de capacitación profesional preparan a los estudiantes para el trabajo en los campos como negocios, computadoras y tecnología, cuidado de la salud, comunicaciones y educación. La universidad también ofrece clases de educación básica para adultos, clases de inglés como segundo idioma (ESL, por sus siglas en inglés) y clases comunitarias y de educación continua.

Pierce College les da la bienvenida a todos los estudiantes. Los asesores (www.pierce.ctc.edu/advising) ayudan a resolver problemas, responder preguntas y brindar información sobre los próximos mejores pasos en función de las necesidades de cada persona. La universidad se asegura de que la falta de habilidades en el idioma inglés no sea una barrera para la educación, el acceso a servicios o actividades. Pierce College apoya y valora la dignidad de cada miembro de su comunidad y visitantes, y se compromete a mantener un ambiente libre de discriminación y acoso.

Este compromiso se aplica a todos los niveles y áreas de operaciones y programas, y está destinado a garantizar que todos los estudiantes y empleados reciban oportunidades equitativas para cumplir sus objetivos y funcionar de manera segura y efectiva en el entorno de Pierce College.

Pierce College reconoce su responsabilidad bajo las leyes estatales y sus regulaciones de implementación para investigar, resolver, implementar medidas correctivas y monitorear el entorno educativo y el lugar de trabajo para detener, remediar y prevenir la discriminación con base en la raza, color, nacionalidad, edad, discapacidad física o mental real o percibida, embarazo, información genética, sexo, orientación sexual, identidad de género, estado civil, credo, religión, estado de veterano o militar con baja honorable, o el uso de un perro guía o animal de servicio entrenado. Pierce College prohíbe la discriminación y el acoso de los miembros de estas clases protegidas, así como de cualesquier clases adicionales protegidas por la ley local, estatal o federal. Cualquier individuo que se encuentre en violación de esta política será sujeto de medidas disciplinarias que pueden incluir la posibilidad de exclusión de las instalaciones de Pierce College, el despido de Pierce College como estudiante o el despido como empleado, según corresponda.
