# **A HEART FOR SERVICE**

Pierce College at JBLM student hits her stride thanks to supportive advisors, professors

By Kate Frerichs

When Pierce College at JBLM student Darian Kosa first learned she had been accepted into Seattle University's nursing school, she immediately burst into tears of happiness. It had been a long road for Kosa, 25, who struggled through three semesters of college before switching courses to join the Army at 19 years old.

Originally from 29 Palms, Calif., Kosa grew up in a military family with both parents serving as Marines. Throughout high school, she never ruled out the possibility of following in her parents' footsteps and joining the military, but chose to attend college instead.

When she left home to study at Old Dominion University in Norfolk, Va., she wasn't guite prepared for the demands of college. "I was a kid when I went away to college, and I didn't do well," she admitted.

"I was placed on academic suspension, and found myself in a position where I needed to make a change."

Kosa enlisted in the Army, and calls this decision one of the best she's made. "I am so thankful I joined the military," she said. "I was 19 when I joined, and I had a lot of growing up to do. I was never the best student, but it took time, self-motivation and dedication to get to where I am now. This was the right path for me."

Today, Kosa is an Operating Room Specialist in the Army while she works toward her associate degree in prenursing at Pierce College at JBLM. It was during one of her deployments that she was inspired to go back to school. "The nurses I worked with overseas were the backbone of our team," Kosa said. "They truly inspired me, and working with them got me

thinking that I wanted to do more for the community."

Kosa learned about Pierce College at JBLM from a colleague, and made an appointment with an advisor soon after returning from her deployment. "The advising staff has been amazing from the very beginning," she said. "My advisor, Karianna Lutcavich, has been there for me every step of the way, as my own personal cheerleader. I'm not sure where I would be Although studying to be a without her."

Although COVID-19 moved classes online, Kosa's professors have provided a great deal of support to students throughout the pandemic. "It's been a crazy time, but my professors have been amazing," she said. "They've done a great job of making sure we understand the material even though we're not physically in the classroom together."

Pierce College at JBLM courses are uniquely designed to meet the needs of active duty military members, their family members, VA benefit recipients and civilians in the community. Accelerated terms, arranged courses, hybrid and online courses with two entry points per term are some of the ways the college meets the needs of military students like Kosa.

nurse while living through a pandemic has been a bit nerve-wracking, Kosa believes the experience is preparing her well for a demanding career in nursing."I can't wait to start nursing school," she said. "I'm so grateful for the advisors and professors at Pierce College for all their help along the way."

All students are advised that the Pierce College Marketing & Communications Office takes photographs and shoots videos throughout the year which may include images (as well as audio/video recordings of voices) of members of the student body and reserves the right to use them for publicity, promotional and marketing purposes. The College also reserves the right to take photographs of campus facilities and scenes, events, faculty, staff and students for promotional purposes in any areas on campus or at any Pierce College-sponsored event off campus where subjects do not have a normal and reasonable expectation of privacy. All such photographs and videos are defined as "Directory Information" and are the property of Pierce College and may be used for Pierce College promotional purposes (e.g. electronic and printed publications, websites, classroom use, college ads, etc.) without prior permission of the subjects

As a general practice, there is no attempt to collect individual photo release forms from students. Instead, we make the assumption that Pierce College students are our best resources for marketing the College and that they will welcome involvement in these activities. However, students who do not wish to have their images/voices used for this purpose must stipulate this in writing to Marketing & Communications at the beginning of the quarter. It is also expected that such students will excuse themselves from photo/video sessions and inform the Pierce College photographer/videographer that they do not wish to be included
