COVER STORY

PIERCE COLLEGE STUDENT LOOKS FORWARD TO TAKING NEXT STEP TOWARD **HIS DREAM CAREER**

∧ nton Dang, 23, arrived in the United AStates from Vietnam with his family at the end of 2018 and beginning of 2019, with little more than dreams for a new future in America. He enrolled in English as a Second Language (ESL) courses at Pierce College, and never looked back.

"My first step in the United States was to enroll at Pierce College, and it's helped me so much," Dang said. "ESL was a good environment for people like me to learn English, and it helped me adapt faster to life in the United States. My time at Pierce College gave me a lot and made me a more hopeful person, not only in my family, but in the community."

Throughout his time at Pierce, Dang has held a variety of jobs to help support his family. In addition to working hard to help his family financially, he is also actively involved in helping his community. He and his family are proud members of the Champa community, an indigenous ethnic group from Southeast Asia. Dang volunteers his time with the local Champa community to teach the younger generation more about their language and culture. "These activities

are very meaningful not only to me, but also to our Champa community," Dang said. "I believe teaching our culture to the younger generation in the United States is the best way to preserve the cultural identity of the Champa people."

Thanks to the scholarship support he received from the Pierce College Foundation, Dang was able to continue his education without the added stress of worrying about how to pay his tuition. He is proud to say he earned his Associate in Science from Pierce College, and looks forward to transferring to University of Washington to major in Electrical and Computer Engineering this fall.

"Without my scholarships, I would have had to work all the time to help my family," Dang said. "My scholarships gave me more time to focus on my studies and not worry so much about food, rent, and how I will help my family. We don't have a lot of money, and receiving these scholarships meant I had more time to stay home and focus on my classes. I don't want to leave Pierce College, but I'm also so excited to start my program at the University of Washington!"■

INSTRUCTORS

Pierce College Community & Continuing Education is looking for new instructors!

Do you have experience or expertise you want to share with others?

- Airbnb hosting
- Art, drawing, hand lettering, painting, sculpture or crafts
- Blogging
- Cell phone photography
- Classes for youth ages 7-15
- Conversational languages: German, Italian
- Cooking knife skills
- DIY
- Dog obedience
- Fencing
- Fitness
- History and current events lectures
- Home staging
- iPad technology
- Line dancing
- Mindfulness
- NIA-Mind body fitness
- Outdoor pursuits
- Pie making
- Reflexology
- Self-defense
- Self-improvement
- Seminars/lectures for 50+
- Soap making
- Sushi roll basics
- UFOs, sasquatch or ghost hunting
- Weaving

No degree required, just knowledge and experience with your proposed topic and a passion to share it with others.

Call 253-840-8451 to discuss your idea, or download a course proposal form at www.PierceCE.com and email it to: tclark@pierce.ctc.edu

UNIVERSITY TRANSFER DEGREES

If your goal is a bachelor's degree or beyond, it makes sense to attend Pierce College for your first two years. You'll pay a fraction of the cost for the same education and enjoy small class sizes and hands-on learning.

Associate in Arts (AA-DTA)

Associate in Science (AS-T)

- AS-T Track 1 for science pre-majors in biological sciences, chemistry, environmental/resource sciences, geology and earth science
- AS-T Track 2 for science pre-majors in engineering, computer science, physics and atmospheric sciences

Associate in Biology (DTA/MRP)

Associate in Business (DTA/MRP)

Associate in Construction Management (DTA/MRP)

Associate in Math Education (DTA/MRP)

Associate in Music (DTA/MRP)

Associate in Pre-Nursing (DTA/MRP)

BACHELOR OF APPLIED SCIENCE DEGREES

Pierce College now offers the following six Bachelor of Applied Science degrees:

BAS in Applied Business Management** – The Bachelor in Applied Science in Applied Business Management (BAS-ABM) is a cohort-based, full-time, two-year program. With this affordable, convenient and quality baccalaureate degree, you gain 21st century technical, transferable and lifelong-learning skills employers demand.

BAS in Construction Management** – Students who complete the Associate in Construction Management can seamlessly transition into the Bachelor of Applied Science in Construction Management (BAS CM). The BAS CM provides greater depth into the skills and knowledge needed to gain employment within the construction management field.

BAS in Dental Hygiene** – This program enjoys national acclaim and recognition for consistently graduating clinically skilled and intellectually strong dental hygienists.

BAS in Fire Services Leadership and Management** – This professional development program trains existing fire service professionals to navigate the administrative, technical and operational demands of fire departments.

BAS in Homeland Security Emergency Management** - This online and hybrid program is part of a guided career pathway designed to prepare students to become 21st century emergency management professionals.

BAS in Teaching** - This degree leads to teacher licensure with dual endorsements in both P-3 education and P-3 special education. The program was designed with best practices in teacher preparation in mind.

TRANSITIONAL EDUCATION

Whether you need to finish your high school diploma or learn English, Pierce College has a program to help you build your educational foundation.

Pierce College Adult Diploma (PCAD)

Basic Education for Adults (BEdA)

English as a Second Language (ESL)

General Education Development (GED)

PROFESSIONAL/TECHNICAL DEGREES AND CERTIFICATES

Pierce College's professional/technical degrees and certificates are designed to provide students with the technical and related skills needed for successful employment.

PIERCE COLLEGE LAUNCHES BACHELOR **OF APPLIED SCIENCE IN** CONSTRUCTION MANAGEMENT **THIS FALL**

TRUSTEE, LISA BOYD, APPOINTED TO PIERCE COLLEGE

As a longtime principal in local schools, Lisa Boyd is proud to join Pierce College's Board of Trustees during an important time for the college. "Serving on this board charged with selecting a new chancellor after years of commendable service from Dr.

Dierce College is proud to announce the launch of its sixth bachelor of applied science degree this fall. The Bachelor of Applied Science in Construction Management (BAS-CM) degree has been developed in collaboration with the local construction industry, and builds on our associate degree in construction management. The program is completely online, allowing students flexibility to complete their degree while working and managing family obligations.

"We're excited to offer this program, especially for students who are already working

Johnson is a very important role," Boyd said. "The opportunity to help keep the vision and mission of Pierce College moving forward with positive momentum is exciting to me."

Bovd's Lakewood roots run deep, growing up in a military family as the daughter of Harry and Dr. Claudia Thomas. Boyd's mother was a staunch supporter of Pierce College and other institutions in the community. "I learned by her example, that it's only what we do to enhance the lives of others that lives beyond us," Boyd said. "Mom helped to incorporate Lakewood as a city, sat on the city council for over 20 years and served as the first African American female mayor in the state of Washington. There's no question

PIERCE COLLEGE IS THE LARGEST COLLEGE IN PIERCE COUNTY, SERVING MORE THAN 13,520 STUDENTS ANNUALLY.

full-time," said Construction Management Professor and Program Chair Dolores Kelley. "This is a fast-growing industry, and there is strong demand for construction managers who concentrate on making sure projects are completed on time, safely, and within budget."

Graduates of the BAS-CM program are prepared for entrylevel positions with general contractors, specialty contractors, government agencies, engineering and architecture firms, and construction suppliers. Careers paths include project management, facilities management,

estimating, planning and owner representatives.

Applicants with an associate degree in construction, construction management, or a closely aligned field, are encouraged to apply. Applications will be accepted after July 15, 2022 for open seats in the cohort.

"This degree program has been championed by the local construction industry and brought to fruition by the tireless efforts of our program chair Dolores Kelley," said Dean of Health and Technology Ron May. "Our hope is that this online program will allow for place-bound students and those with challenging work and family situations to access a bachelor of applied science degree."

For more information and to apply, please visit www.pierce.ctc. edu/construction-managementbas-cm."

that she instilled the passion to serve communities in ways that support positive impact in me and so many others. I look forward to supporting Pierce as a member of the Board of Trustees."

Boyd has served as chief administrator of four schools over a 21-year period, providing leadership and service through the development of innovative curricula and state-of-the-art programs. She is coming to the end of her career as an educator in the Clover Park School District as she and her husband of 34 vears, David Boyd, are both retiring this year. "We're looking forward to spending more time together hiking, biking, boating, traveling and serving our community in a number of ways," Boyd added.

"I'm pleased Lisa has joined our Board," said Chancellor Michele Johnson, Ph.D. "Her strong record of leadership in local school districts and commitment to service in the community make her a wonderful fit to help the college meet our mission to create quality educational opportunities for a diverse community of learners to thrive in an evolving world."

Lisa and David Boyd reside in Steilacoom, and are the proud parents of three adult children: Angela, Kristopher and Cameron.

Boyd replaces Kristin Ray, who served as member of the Board of Trustees since 2019. ■

NEWI> Homeschooling – Can We Do It?

Are you curious about home education and what it might mean for your family? Homeschooling can be a bit of a mystery if you're new to the topic. During this class, we will touch on the history of homeschooling and examine its status today in all 50 states. You'll learn how to find the laws and regulations that govern your community and see how home education is legal and growing all around you. As you discover what you need to know to educate your children at home, you'll also become

amiliar with the terminology the homeschooling community uses. Terms like Unschooling, Deschooling, Classic, Umbrella, Unit Study, and Eclectic. We will explore how home education allows vour children to become life-long learners by following their interests and develop the skills needed for deeper topic exploration, as well as build long-lasting and productive relationships with peers and adults. We will investigate how learning at home gives you unique opportunities to teach valuable life skills. From manners to money management, you can be sure your children master subjects that don't

make it into most textbooks. You'll also learn about full-time homeschooling for travelers and how it can fit into a life of adventure on the road. After our time together, you'll have lots of information and guidance to plot your home education journey for years to come!

LIVE ONLINE INSTRUCTOR-LED BOOT CAMPS VIA ZOOM

NEW! CompTIA Security+ Training Boot Camp

45 hours \$2,799 Live Online, Instructor-Led **5** Days, 1-year extended access to all course materials

Security+ holders have the knowledge and skills to help organizations proactively identify potential security risks and respond more quickly when incidents do occur. This boot camp includes five days of live training covering today's most critical information security issues and practices. You will leave fully prepared to pass the popular CompTIA Security+ SY0-601 exam and address real-world security challenges across the five areas outlined by the Security+ exam objectives:

- Attacks, threats, and vulnerabilities
- Architecture and design
- Implementation
- Operations and incident response
- Governance, risk, and compliance
- You will also receive an exam voucher for the CompTIA Security+ certification exam with your enrollment.

NEW! Ethical Hacking Dual **Certification Boot Camp** (CEH and PenTest+)

\$4,599 Live Online, Instructor-Led 45 hours **5 Days, 1-year extended access to all course materials**

This comprehensive boot camp teaches you how to use the tools and techniques used by cybercriminals to perform an ethical hack on your organization. You will learn ethical hacking methodologies and gain hands-on hacking experience in our cloud-hosted cyber range, including reconnaissance, gaining access to systems, exploiting vulnerabilities, and exfiltrating data.

You will gain the ability to quantitatively assess and measure threats to information assets — and discover where your organization is most vulnerable to hacking. This boot camp also prepares you to earn two in-demand certifications: EC-Council Certified Ethical Hacker (CEH) and CompTIA PenTest+. From penetration testing to certified ethical hacker concepts, you will be ready to advance your career in cybersecurity upon course completion.

You will receive an exam voucher for the EC-Council CEH and the CompTIA PenTest+ certification exams with your enrollment.

NEW!> Cisco CCNA Associate & CyberOps Associate Training Boot Camp

60 hours \$3,999 Live Online, Instructor-Led 7 Days, 1-year extended access to all course materials

This innovative seven-day boot camp is designed specifically for network engineers and administrators requiring full knowledge of Cisco router and switch configuration. You will gain hands-on experience by completing a series of labs in our Networking Cyber Range. The labs provide practical experience in a networking and switching environment and prepare you for the simulation-based guestions you will find on the CCNA 200-301 exam.

In addition to gaining in-depth knowledge about network access, IP connectivity, IP services, and automation and programmability for Cisco networks, you will learn about the hottest area of networking: network security. Our expert instructors first prepare you to pass the CCNA exam. After passing that exam, you will then train directly on the Cisco Certified CyberOps Associate curricula — all in one sitting.

You will receive an exam youcher for the Cisco CCNA and the Cisco CyberOps certification exams with your enrollment.

NEW!> Microsoft Azure Dual **Certification Boot Camp**

63 hours \$4,399 Live Online, Instructor-Led 7 Days, 1-year extended access to all course materials

The Microsoft Azure Dual Certification Boot Camp teaches you vital Microsoft Azure administration and security skills through hands-on labs and expert instruction. The intensive training prepares you to pass the two exams necessary to become a Microsoft Certified: Azure Administrator Associate and Microsoft Certified: Azure Security Engineer Associate.

You will build your knowledge through hands-on labs, simulations, and real-world application of skills. The combination of practical labs and expert instruction ensures you will leave the boot camp with skills that directly transfer to the workplace and what you need to obtain your Microsoft Azure certifications.

You will receive an exam youcher for the Microsoft: Azure Administrator (AZ-104) and the Microsoft: Azure Security Technologies (AZ-500) certification exams with your enrollment.

www.pierce.ctc.edu/ce-bootcamps

NEW 6 MONTH ONLINE BOOT CAMPS

AI Machine Learning Boot Camp

Self-Paced, Online, Asynchronous 301 hours, 6 months duration of access Price: \$4,275

Artificial intelligence (Al) aims to create intelligent machines. Machines can act and react like humans with access to expansive information about the world—with machine learning (ML) being a core part of Al.

The AI Machine Learning Boot Camp is a comprehensive six-month program that correlates directly to the Al and ML industry, a hot topic for the past couple of years. There is also a high demand for Al/ML certified and trained professionals within the industry, as revenue generated by AI/ML products is estimated to reach \$156.5 billion worldwide. In addition, the U.S. average salary range is \$90,000 - \$185,000, depending upon experience—making this profession lucrative and fulfilling.

This boot camp offers self-paced training that requires 15-25 hours a week to complete the curriculum. You will start with a powerful introduction to the current and historical context of AI, highlighting the massive opportunities in technology. This is followed by an introduction to Al and ML, progressing to data science programming with Python and SQL, and getting into ML and natural language processing (NLP). You will prepare to pass the Microsoft Azure AI Engineer Certification Exam AI-102: Designing and Implementing an Azure Al Solution.

By the end of this course, you will be prepared for the following job roles:

- Machine Learning Researcher
- Data Scientist Entry level
- **Research Analyst**
- Quantitative Researcher
- Al and ML Developer
- Data Science Engineer Machine Learning

Full Stack Web Development Boot Camp

Self-Paced, Online, Asynchronous 537 hours, 6 months duration of access Price: \$4,275

There is a high demand for individuals with programming and web designing skillsets, with the estimated U.S. market size for this industry being \$40.8 billion. In the U.S., your salary can range from \$50,000-\$145,000, depending upon experience, with the average salary being \$106,000.

The Full Stack Web Development Boot Camp will help you acquire the skills and knowledge required to start handling web development projects. Throughout this comprehensive six-month course, you are expected to spend 15-25 hours a week to master the material covering databases for web applications and several front-end to back-end programming/scripting languages such as Python, JavaScript, HTML, React, etc.

By the end of this course, you will be prepared for the following job roles:

- Front End Developer
- Junior Web Developer
- Full Stack Web Developer
- Web Designer
- Product Manager

*P-12 CLOCK HOURS: The Pierce College Community and Continuing Education department is an approved OSPI (Office of the Superintendent of Public Instruction) clock hour provider.

THINKING ABOUT ATTENDING PIERCE COLLEGE **BUT NOT SURE WHERE TO START?**

Sign up for a VIRTUAL INFORMATION SESSION today at www.pierce.ctc.edu/visit

Pierce College offers bachelor's degrees, associate degrees, and professional certificates in numerous programs of study (www.pierce.ctc.edu/). Career training opportunities prepare students for work in the fields like business, computers and technology, health care, communications and education. The college also offers adult basic education classes, English as a second language (ESL) classes, and community and continuing education classes

Pierce College welcomes all students. Advisors (www.pierce.ctc.edu/advising) help resolve issues, answer questions, and provide information about the next best steps based on each individual's needs. The college ensures that the lack of English language skills is not a barrier to education, access to services, or activities.

Pierce College supports and values the dignity of each member of its community and visitors, and is committed to maintaining an environmen free from discrimination and harassment. This commitment applies to all levels and areas of operations and programs and is intended to ensure that all students and employees are provided equitable opportunities to realize their goals and to function safely and effectively within the Pierce College environment.

Pierce College recognizes its responsibility under state laws and their implementing regulations to investigate, resolve, implement corrective measures, and monitor the educational environment and workplace to stop, remediate. and prevent discrimination on the basis of race, color, national origin, age, perceived or actual physical or mental disability, pregnancy, genetic information sex sexual orientation gender identity, marital status, creed, religion honorably discharged veteran or military status, or use of a trained guide dog or service animal. Pierce College prohibits discrimination against and harassment of members of these protected classes, as well as any additional class(es) protected by local, state, or federal law. Any individual found to be in violation of this polic will be subject to disciplinary action up to and including the possibility of exclusion from Pierce College facilities, dismissal from Pierce College as a student, and/or dismissal from employment, as applicable

Members of the college community, guests, or visitors who believe they have been the subject of discrimination or harassment should report the incident or incidents to the District Title IX/EEO Coordinator identified below. If the complaint is against that Coordinator, or if for some other reason a report cannot be made to the Coordinator, the complainant should report the matter to one of the alternate designees listed below

District Title IX/EEO Coordinato Holly Gorski Pierce College Fort Steilacoom Cascade Building, Room 207 9401 Farwest Drive SW akewood, WA 98498-1999 253-964-6519 | HGorski@pierce.ctc.edu

Information on how to report concerns about behavior that may have a negative impact on the climate can be found at

www.pierce.ctc.edu/complaint-process. All reports of negative and inappropriate behaviors will be taken seriously. We believe that hearing about concerns presents an opportunity to consider any necessary improvements Attempting to prevent someone from reporting a concern, and retaliating or attempting to encourage others to retaliate against someone who has raised concerns will not be tolerated.

Please also see our Discrimination and Harassment policy at www.pierce.ctc.edu/policy discrimination-and-harassment

LIMITATION OF LIABILITY: The college's total liability for claims arising from a contractu relationship with the student in any way related to courses or programs shall be limited to the tuition and expenses paid by the student to the college for those courses or programs. In no event shall the college be liable for any special, indirect, incidental or consequential damages, including but not limited to loss of earnings or profits

This publication is available in alternate formats on request. Please contact Access & Disability Services. 253-964-6468 or ADS@pierce.ctc.edu

SIX-WEEK CLASSES

All students are advised that the Pierce College Marketing & Communications Office takes photographs and shoots videos throughout the year which may include images (as well as audio/video recordings of voices) of members of the student body and reserves the right to use them for publicity, promotional and marketing purposes. The College also reserves the right to take photographs of campus facilities and scenes, events, faculty, staff and students for promotional purposes in any areas on campus or at any Pierce College-sponsored event off campus where subjects do not have a normal and reasonable expectation of privacy. All such photographs and videos are defined as "Directory Information" and are the property of Pierce College and may be used for Pierce College promotional purposes (e.g, electronic and printed publications, websites, classroom use, college ads, etc.) without prior permission of the subjects.

As a general practice, there is no attempt to collect individual photo release forms from students. Instead, we make the assumption that Pierce College students are our best re-sources for marketing the College and that they will welcome involvement in these activities. However, students who do not wish to have their images/voices used for this purpose must stipulate this in writing to Marketing & Communications at the beginning of the guarter. It is also expected that such students will excuse themselves from photo/video sessions and inform the Pierce College photographer/videographer that they do not wish to be included.

CONTENT DISCLAIMER

Pierce College has made every reasonable effort to provide information that is accurate at the time of publication. However, the college reserves the right to make appropriate changes in policies, procedures, calendars, requirements, programs, courses and fees. When feasible, changes will be announced prior to their effective dates, but the college assumes no responsibility for giving any particular notice of any such changes. Nothing contained herein shall be construed to create any offer to contract or any contractual riahts.
